EXECUTIVE PROFILE

Detail-oriented Financial Analyst with 5 years of experience in corporate valuation, financial modeling, and strategic budgeting. Skilled in translating complex financial data into actionable strategic insights for C-suite executives and driving process improvements in financial reporting.

CAREER HISTORY

Financial Analyst

Jan 2022 – Present

Apex Capital Management — London, UK

- Build and maintain monthly forecast models, operational budgets, and variance analysis for portfolio companies with total ARR exceeding £50M.
- Perform detailed DCF, LBO, and comparable company valuations to evaluate potential strategic M&A opportunities.
- Automated financial reporting pipelines in Excel/VBA and Power BI, reducing monthly close reporting processing time by 3 business days.

Junior Analyst

Sep 2019 – Dec 2021

Vanguard Advisory Group — Manchester, UK

- Conducted market research and industry benchmark analysis for quarterly client investment presentations.
- Managed accounts payable/receivable auditing, reducing outstanding client invoices by 18%.
- Supported senior associates in preparing investment memos, pitch decks, and valuation summaries.
