Systems work in Rust, mostly where something has become too slow to keep in a scripting language. Zürich, tw

Was ich mache / What I do:
- Rewriting a hot path in Rust — CHF 1300/day.
- A Rust service with the tests and the deployment, not just the code — CHF 16000, three weeks.
- Teaching a team enough Rust to be dangerous — CHF 3600, two days on site.
